A diagram of a LEGO Technic lever mechanism. It features a white base with two black pins on the left. A white lever arm is pivoted on a central point. A black arrow points to this pivot point, identifying it as the fulcrum. A brown piece is attached to the end of the lever arm, and a white piece is attached to the base near the pivot.

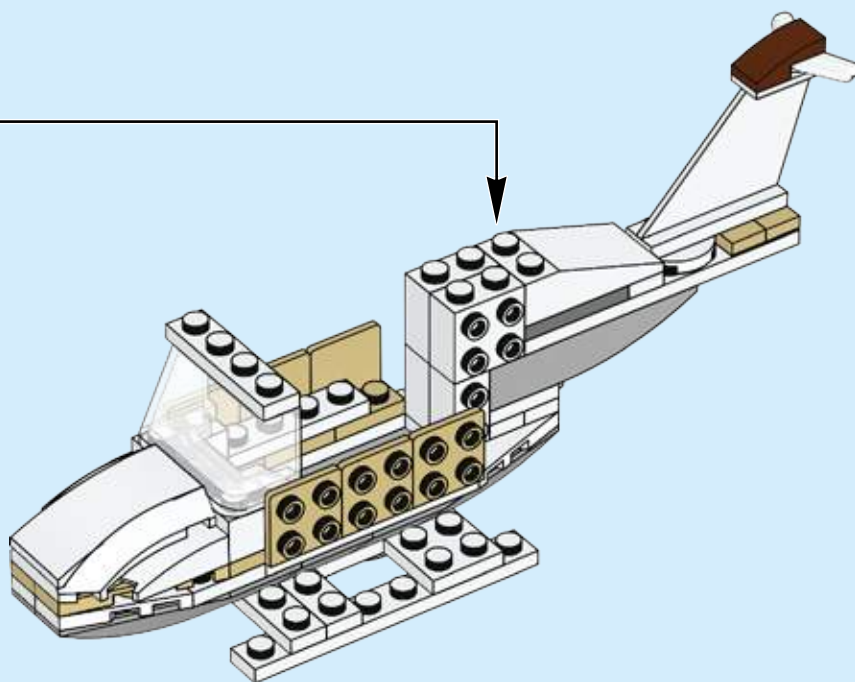

1

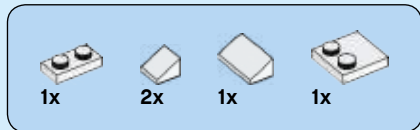

A diagram showing a white L-shaped base with a diagonal support. A red arrow points from a small white component (a pin or clip) towards the top of the base, indicating where it should be attached.
